

NOTICE TO ALL ASSESSOR AND MODERATOR APPLICANTS

Ref: Delays with the issuing of assessor and moderator registration letters

This serves to communicate the challenges that PSETA is currently experiencing concerning the registrations of assessor and moderator application on the INDICIUM system. Unfortunately, this has caused an enormous backlog and delays with the issuing of registration letters. This includes new / renewal applications as well as the extension of scope for both assessor and moderator registration. Applicants affected are those who submitted their application between the period of **1st January 2019 - to date**.

Please note that a notice will be issued once our system challenges are resolved.

We apologise for the inconveniences that this might have caused.

All queries related to this matter can be sent to Ms Luceth Machebe at lucethm@pseta.org.za
or 012 423 5700

Kind regards

Benjamin Motlhabane

ETQA Manager
