

NOTICE TO ALL ASSESSOR AND MODERATOR APPLICANTS

Delays with the registration of assessor and moderator

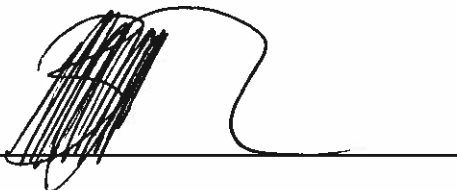

This serves to communicate the challenges that PSETA is currently experiencing regarding the registration of assessors and moderators on the INDICIUM system. Unfortunately, this has caused an enormous backlog and delays in the issuing of registration letters. This includes new / renewal applications as well as the extension of scope for both assessor and moderator registration. Those affected include applications submitted from the **1st January 2019 - to date**.

Please note that a notice will be issued once these challenges have been resolved.

We apologise for the inconveniences that this might have caused.

All queries related to this matter can be sent to Ms Luceth Machebe at lucethm@pseta.org.za.

Kind regards

Benjamin Motlhabane

ETQA Manager
